**Announcing**  
**Global Health Symposium Poster Session**  
**Thursday, March 31, 2016 from 1:00-3:00pm**  
**55 Park Street Auditorium Mezzanine**

**Objective:** To provide a forum for members of the Yale medical campus community to meet and to share original research, projects, and programs related to global health. Abstracts in all areas (both domestic and international) of global health are welcome, including those related to ethics, law, and social justice; education and capacity building; socio-economic determinants of health; and novel technologies for global health.

**Who May Apply:** Students, Residents, Fellows, and Faculty of the Yale Schools of Medicine, Nursing, and Public Health; and the Yale School of Medicine Physician Associate Program

**Posters must have been accepted for presentation at a local, regional, national, or international conference after April 2015**

**Instructions:** Submissions must include a) poster size, b) the title and date of the meeting where the poster was previously or will be presented, and c) the name and Yale affiliation of the primary author. Please e-mail your abstract to Dr. Tracy Rabin ([tracy.rabin@yale.edu](mailto:tracy.rabin@yale.edu)) by **March 15, 2016**.

Poster Session will be the final event of the  
Sixth Annual Global Health Day Symposium
